

## CONTRACT FOR SPECIAL READMISSION POLICY

Although the traditional policy for readmission is the norm, the University recognizes that individuals can gain personal and intellectual maturity over a period of years. Hence any former UNCW degree-seeking student whose grade point average was below the current retention standard may apply for special readmission provided the student has been out of school for a minimum of five years.

Special readmission may be granted only at the time of application for readmission. Special readmission status, once granted, may not be changed. Degree requirements for the student granted special readmission will be those in effect at the time the student re-enrolls. The student's original academic record will not be altered, and the student will receive academic credit only for past courses in which a grade of at least 2.00 was attained\*. The student's grade point average will be calculated only for those courses taken subsequent to re-enrollment.

Additionally, the grades that are removed from the grade point average under this contract, count toward the five course limit under the regular repeat policy on subsequent courses. If special readmission is used to remove five or more grades from the grade point average, no additional grades will be forgiven under the repeat policy.

Failure to maintain an overall 2.00 grade point average after readmission will result in dismissal from the University. A student may be granted special readmission only once.

**Please complete, sign and return this form to the Registrar's Office as soon as possible.**

I have read the above.

I **DO** want to have the Special Readmission option applied to my past academic work.

I **DO NOT** want to have the Special Readmission option applied to my past academic work.
