After cancellations for pre-registered classes, the student must wait until SeaNet reopens to re-register.

After the end of the drop/add period for a term, a dropped student must complete a class reinstatement form, pay in full at the Cashier's Office and have Student Accounts sign the reinstatement form. The student must then return that form to the Registrar's Office to have the classes added back in.

After the census date for a term, the student will have to report to the Dean's Office for any consideration and will be handled on a case-by-case basis with regard to their status of payment or financial aid. Should the student be allowed to re-register.
