* SeaNet will have a rolling opening. Priority Groups, Transfers, Open for all Students

After cancellations for pre-registered classes, the student must wait until SeaNet reopens to re-register.

After the end of the drop/add period for a term, the student must go to the Registrar's Office to get a re-enrollment form. The student must first pay in full and then return that form to the Registrar's Office to have the classes added back.

After the census date for a term, the student will have to report to the Associate Vice Chancellor of Business Affairs for any consideration and will be handled on a case-by-case basis with regard to their status of payment or financial aid should the student be allowed to re-register.

** The fall bill production schedule is predicated on timely receipt of tuition and fees rates as approved by the NC State Legislature in Early July. The schedule is subject to change should those rates not be approved prior to the dates currently listed
