Annual Career Fair
This is UNCW's premier Career Fair for ALL majors! This is your opportunity to be among the top 80 companies with exclusive on-campus recruiting access.

Network Night
This opportunity is sure to delight both students and employers as we invite you to give our most proactive students a chance to put their networking skills to the test before the Career Fair in the Clocktower Lounge.

Diversity & Inclusion Programming
In the pursuit of excellence, UNCW actively fosters, encourages, and promotes inclusiveness, mutual respect, acceptance and open-mindedness among students, faculty, staff, and the broader community. We can help align your organization’s diversity and inclusion mission with ours.

Campus eBranding
Enhance your employer branding and increase company awareness by showing students what their future work with your company could look like on the UNCW Career Center webpage. Our website had over 400,000 views last year!

On-Site Branding
Your company will be one of the first things students see when they walk into the Career Center. This opportunity allows for a 4X6, 5X7, or 8X10 corporate logo to be displayed in one of the most high traffic areas on campus.

Career Center Employer Advisory Board
Your attendance at our semiannual Employer Advisory Board meetings will give you the exclusive opportunity to learn about industry trends, academics at UNCW, and the work the Career Center is doing to help students. This annual meeting includes a panel discussion with student leaders, presentations from University administration, and the chance to interact with other EAB members to share recruiting challenges and best practices.
