

2012 Summer Study in Japan

9 June – 23 June

Interested in an exciting learning opportunity? Come with us to Japan.

- Reflect about teaching and learning as you look at education through the eyes of Japanese educators.
- Become familiar with cultural aspects of Japan that impact education.
- Spend one week in Japanese schools observing and working with Japanese teachers and students.
- Earn six semester hours of credit that may be used to meet specific requirements in a graduate program, or academic concentration or elective requirements in an undergraduate program.
