Junior Seahawk Academy
Audience: 11-14 year olds

Join us for a fun-filled week learning about STEM concepts. There will be hands-on activities and demonstrations to engage all!

Tentative Dates: June 15 – June 26, 2015
Time: 8:30am–12:30pm
Location: UNCW Education Building
Registration Required: $60.00

Motivating middle school aged students to develop an interest in learning through real-world, hands-on field experiences!

Junior Seahawk Mission
This project aims to:

- **Provide** a platform for middle school aged students to develop an interest in learning math, science and technology while participating in various fun, hands-on activities that promote learning

- **Aid** in the implementation of literacy programs for below grade level readers and readers with learning disabilities through the integration of science, mathematics, and technology experiences

- **Increase** access of information for students, parents and the community regarding benefits and accessibility of post-secondary education

Event Cost: Only $60
