Workshops for Your District/School

Mr. Ertzberger is available to do on site workshops and presentations, contact him for scheduling and cost of such workshops. ertzbergerj@uncw.edu

Technology Based Resources for Educators

Jeff Ertzberger – UNC Wilmington – ertzbergerj@uncw.edu

Wikis

PBWiki – create your own electronic books with images, and hyperlinks. Create corporative documents/projects of all types. <http://pbwiki.com/>

Cartoons

www.goanimate.com - Goanimate – create your own cartoons and share them.
www.kerpoof.com

Video & Digital Story Telling Resources

www.Fliggo.com - Create your own Video Sharing Site (Think UTube with password protection.)

MovieMaker - Free on WindowsXP. Best for short movies.

Photostory – Free download – Just google photostory for the link.

Animato - <http://animoto.com/> Free for educators and students, creates 30 second video

Thinking Maps – Flowcharts – Book Webs

Loevelycharts.com - create flowcharts for free. Create book webs. No software to download.

Blogs

Edublog – <http://edublogs.org> – blog tool specifically for classrooms and has lots of good free features, some of the more advanced features cost.

Class Blogmeister - <http://classblogmeister.com/> - a free blogging tool that allows teachers to set up classes and approve posts before they go out and protect blogs from outside viewing.

Publish Children's Books (Or any kind of book).

lulu.com – Great for kids or adults. Good prices for just printing and binding your book, or you can sell it to the world and make royalties.

Resources for Images, Sounds, Movies

graphicfactory.com – good clip art for books, or flyers.

Freeplaymusic.com – good music clips free for student educational use

istockphoto.com- purchase pictures, sounds for as low as \$1

Life.com – thousands of photos from history free for non commercial use
