## Research Areas

Biology and Marine Biology faculty members will accept graduate students to work in the general research areas listed below. Please check “yes” to one or more areas (**maximum of three**) that you would consider for your research subject. Indicate “no” for any you would not consider.

yes	no	Animal behavior	yes	no	Ecology – plants
yes	no	Aquaculture/biotechnology	yes	no	Environmental/conservation biology
yes	no	Biochemistry	yes	no	Microbiology
yes	no	Biological education	yes	no	Molecular biology/genetics
yes	no	Cell biology/ultrastructure	yes	no	Physiology/morphology – animal
yes	no	Coastal/estuarine biology	yes	no	Physiology/morphology – plant
yes	no	Ecology – animals	yes	no	Systematics/evolutionary biology

## Application for Assistantship

Check all that apply

- I do not wish to be considered for an assistantship
- I wish to be considered for a research assistantship
- I wish to be considered for a teaching assistantship

**Required Statement of Interest Next Page**

Revised 3/08

## Biology and Marine Biology Statement of Interest

---

**Statement of Interest guidelines:**

▪ 1 to 2 pages in length

▪ Block format
