Connecting Your Blackberry to Your UNCW E-mail Account

Compatible with Blackberry Phones
Updated July '09

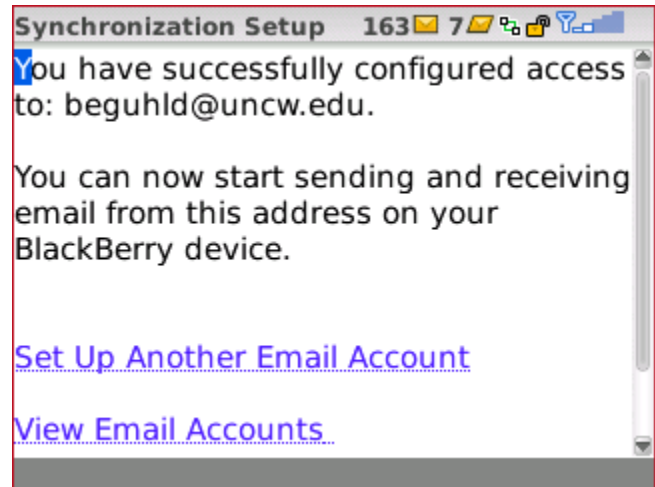

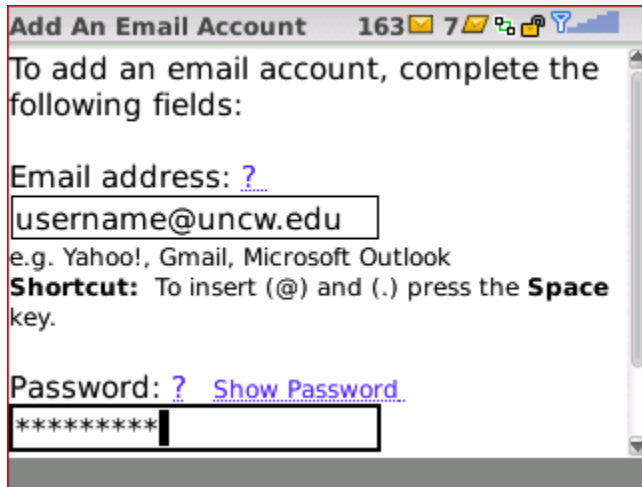

1. Tap on the “E-mail Settings” icon and select “Email Accounts”.

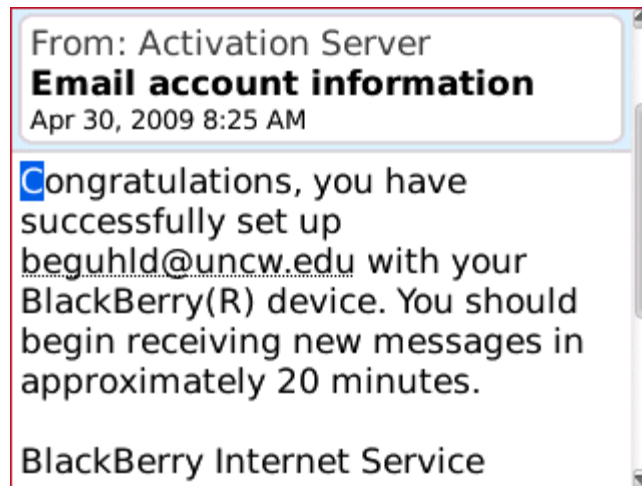

2. Tap on “Add an Email Account” to begin configuring your account settings.

3. Type in your UNCW E-mail address and E-mail password. If done correctly, you will receive confirmation message.

4. Once you access your E-mail account, you should have this message in your Inbox:

At this point, you should now be able to receive E-mail messages on your Blackberry. If you have any issues with setting up your account, please contact the Technology Assistance Center at (910) 962-4357 or at tac@uncw.edu
