### S.C.O.R.E.

Goal! Touchdown! Ace! Whatever you call it, GK-12 really scored at NCSTA this year. Thanks to all of you for the hard work and creativity you put into making the workshop a success. Look for all of the S.C.O.R.E. activities to be posted on our website soon.

You're all winners!

### Book Request

We have had several requests from teachers for books that would support the teaching of Energy. This includes sound, light, heat, and kinetics. If you can suggest any fiction books that include this topic, please submit them to the literature database at:
