The University of North Carolina Wilmington
Wilmington, NC 28403

Dear Professor Rice:

Congratulations on the success of your program to teach at-risk children in New Hanover County how to read. The education of our children is of the utmost importance and the one-on-one work you and your team of UNCW students and professors are doing has no doubt made an enormous impact on our education system. Along with that, the fact that you all have seen such great improvement in the children you tutor is incredible. The success of the program shows that you all have put immeasurable effort and your whole hearts into this project.

I, along with the rest of the Wilmington community, thank you for all that you have done; it is service like yours which makes this community one of the best in the state. If I can be of service to you or this program please do not hesitate to ask.

Sincerely,

Julia Boseman
