Hidden Diary

2009

Monday, Feb. 13th

7 p.m.

Lumina Theater

In French, English subtitles
Film introduced by faculty
with discussion afterward

Free and open to the public

Audrey is an independent and single woman who lives in Canada. She is pregnant. Her parents still live in France in the small town where she was raised. While visiting them for holidays, Audrey discovers her grandmother's hidden story, a woman who gave up her home and family in the fifties and never came back. Audrey searches for more details and this investigation will force her own mother to reveal a deeply buried secret.

Sponsored by Women's Studies & Resource Center, the Department of Foreign Languages and Literatures, and the Office of International Programs
