by phone:
910.962.3168

Registration Deadline:

July 14, 2017

Workshop Description

- Learn the “big ideas” of primary science
- Experience engaging science instruction
- Integrate science with other subject areas
- Explore the NC Science Essential Standards
- Differentiate instruction for all students
- Increase achievement for students at all levels

Workshop Includes

Earth Systems, Force & Matter, and Living Organisms

Weather

Precipitation & Clouds

Building Blocks of Matter

Physical and Chemical Changes in Matter

Energy Transformations

Needs and Diversity of the Plant World and Life Cycles

All workshop materials will be provided, including make-and-take activities!

Instructors:

Brian Brinkley, Director, Stike Education Lab, UNCW
Sarah Lewis, First Grade Teacher, Supply Elementary

Benefits

- Receive information on our Technology Loan Program, including our inventory and how to check out materials such as the Starlab
- Network with other STEM teachers in the region
