NC State University Student Health Services—which includes Primary Care, Gynecology, Pharmacy—is available for UNC-Wilmington students to utilize as needed until your return to campus next week. NC State University Student Health Services is located at 2815 Cates Avenue in Raleigh. Students may park in one of the designated parking spaces marked Student Health Services behind the building.

Students are asked to call 919-515-2563 (choose the Appointments option), identify yourself as a UNCW student. Students will be asked to explain their health care issue and will be advised by the Appointment staff on how to access care or get a prescription refilled. The Appointment staff will collect basic demographic information such as name, date of birth, UNCW student ID number and mobile phone number. Instructions for presenting to Student Health for an appointment or to refill a prescription will be provided.

Students should bring their UNCW student ID cards, health insurance card and prescription insurance card when presenting for service. Student Health will be billing your insurance for services provided. No payment is required at time of service; however, for any copays or charges not covered by insurance students will be sent a bill. For prescription refills students are also asked to bring their empty prescription bottles with them if they are available.

For mental health emergencies, you can reach the NC State counseling center at 919-515-2423. State that you are a UNCW student and would like to speak to a triage counselor.
