• **Chancellor’s Campus Climate Workgroup** Liz Grimes
  The Chancellor has convened a workgroup consisting of faculty, staff, and students to help inform on how to maintain a more inclusive campus for everyone. There have been student-based forums on how to address this issue and these forums will continue next academic year.

• **Full Cycle Appraisals** Liz Grimes
  We have finished the first full cycle session. Evaluations were due Sunday, April 30th. If there are any issues please contact Molly or Olivia. Please complete new full cycle goals by the end of May.

• **HR 3.30 Update** Caroline Dellinger
  The Employment team has been working with Budget and others to replace the HR 330 with a PeopleAdmin workflow. Still in the testing phase and Caroline will send out invites for feedback. We are aiming for this to be accomplished by the end of summer. This will only include HR information such as title change, FTE change, new hire, etc. For budget changes originally requested on the 330 will be on a modified form. More information to come on this topic.

• **Student Employment** Caroline Dellinger
  HR will be working with the Career Center to give better guidance and structure for student employment. HR is designing a FAQ, an online guide, and a salary recommendation for campus to use as a guideline when hiring student workers. Information will be available on the career services website. We will communicate launch dates to the HR Liaisons group in the near future.

• **Display of Timesheets in SeaNet** Tim Lewis/Tim Huelsman
  Payroll will be cleaning up the number of jobs/timesheets in SeaNet for Students and temporary employees. The suggestion is for students and temporary employees to be able to see timesheets for the previous 90 days. Supervisors will still be able to see old timesheets for up to two years. Please contact Tim Huelsman if you want to test this in Banner Dev.
