Social Security Office
Phone number: 1-866-964-6227
Hours: Monday-Friday 9 am - 4 pm (12 pm on Wednesdays)
Address: 1528 South 16th Street

Important Tips

1. Be sure to ask for a receipt showing you applied for an SSN. To obtain your SSN, you can return to the Social Security Office the following day with this receipt and your passport and be given your SSN. Your Social Security card, however, will arrive in the mail in about two weeks.

2. Visit the Social Security Office on Tuesdays, Wednesdays and Thursdays for quicker service. Also, avoid the start and the end of the month as those are peak times.

3. If you have issues with your application, speak with the Office of International Programs as we can work with the Office Manager to clarify issues / rectify problems.

4. Although often requested, SSNs are NOT required to apply for a driver’s license, to open a bank account, rent an apartment, or obtain a cell phone. International students need to be assertive and remind these offices the law does not require an SSN for any of these services.

Urgent Care Centers

**UNCW Abrons Student Health Center:** provides student-centered, affordable and quality health care. The health center is made up of medical services, health promotion and pharmacy. Students should make every effort to visit the health center first before visiting an off-campus provider as this will save them money. Doctor consultation is free of charge; however, payment must be made for services such as tests, lab work and medications. Always request a copy of your receipt to send to your insurance company to get part of your money back. The student health center is located on the second floor of DePaolo Hall.

**Between 8 a.m. and 5 p.m. Always Go to the Student Health Center First!**

Frequently Asked Questions about UNCW Counseling Center

What is Counseling?

Counseling is a collaborative process between counselor and client. This relationship is an important one and includes:

- a caring, respectful environment
- mutually agreed upon goals for counseling
- answers to your questions about this process

How do I make an appointment?

Come by the second floor of DePaolo Hall and schedule with the receptionist for an initial intake session.

What if I need to be seen quickly?

The Counseling Center has staff available daily for "crisis and emergency" clients. Following a brief intake session to assess your needs, you will be referred for individual, group counseling or other appropriate services.

Does it cost?

Counseling services are free to enrolled students.
The University Learning Center is committed to being a vital part of UNCW students' education. Our academic support services are based on the principle that quality learning takes place when peers work collaboratively to develop knowledge and build skills. The University Learning Center provides students a learning environment and experience that differs from the classroom; we focus on high-quality individual, small-group and large-group student-centered and student-led learning.

**Academic Achievement**

In keeping with the ULC mission to foster independent learning and transferable skills, the [Academic Achievement pages](#) provide information and links for students seeking to strengthen their academic success skills.

**Math Services**

The Math Lab supports students by providing tutoring for all Math and Statistics courses (such as MAT 151 & STT 215), as well as any course with a math or statistics component. In addition, students who visit the Math Lab can get help with math study skills and math anxiety.
Study Sessions

Study Sessions are drop-in, peer-facilitated group tutoring sessions for select courses. Group leaders help students review lecture notes, address study skills, discuss textbook readings, and prepare for tests. No appointment is necessary.

Tutoring Services

Tutoring Services provides one-on-one content tutoring for most University Studies courses. Tutors are qualified UNCW students trained to work effectively with other UNCW students and support them in achieving their academic goals.

Writing Services

All writers need readers, and the more readers you have while drafting a paper, the better your paper can become. Writing Services provides experienced peer readers for all UNCW students as they develop and improve their writing skills. Writing Services are not remedial, but designed for all student writers who want to improve their papers. Students can get help with their writing in three ways: The Writing Center provides one-on-one writing sessions led by faculty recommended peer writing consultants. Students can also receive electronic response to their developing papers through our Online Writing & Learning (OWL) program. Students can drop-in at our Writing Lab for help with quick questions about their developing papers.
