Purchasing - Encumbrances

Receiving

- Purchasing will be expediting for receiving
- Purchasing Students - Anna Miller, Courtney Sowers
- Receipt must be entered into uShop
- Do not “receive”, if not physically received
Purchasing - Encumbrances

- **Standing Orders**
  - Orders with effective dates ending on or before June 30\(^{th}\) will be liquidated soon after July 1\(^{st}\), regardless of funds.
  - Orders using non-general funds and effective dates after June 30\(^{th}\), will roll to the new fiscal year unless the department requests they be liquidated.
Purchasing – Future Requisitions

- Special needs requiring early July delivery
- Renewals effective on July 1
- Must be ordered prior to July 1
- Will be received after July 1
- Instructions on the Purchasing Website
In uShop, in the billing options section:

- Click “edit”
- Change the Accounting Date to 7/1/2016. No other date should be used
- Click “Save”
Its very important to understand what the accounting date means:

• In Banner and uShop, the accounting date tells the system when the order is active to receive and pay

• Future Requisitions/POs are not active until the date of 7/1/2016

• Entering a date in the accounting date field should only be done for future orders else the PO will not post to Banner
Purchasing – Future Requisitions

Budget Override

• During the period from now to mid May, budgets have not been entered in Banner for FY17
• Beginning mid May users should check BAVL prior to requesting a budget override
• Budget Overrides are necessary so that requisitions will not be rejected by the Banner budget workflow step in uShop
Purchasing – Future Requisitions
Budget Override

In the Billing Options section:
- Click “Edit”
- Budget Override, click “Select from all values…”
- From the dropdown menu choose “Yes”
- Click “Save” and place your order
- Email the requisition number, FOPA, amount and why the override is needed to Heidi Mallory in the budget office
